

CORRIDOR AVAILABLE FOR PROPOSED DREDGE SPOILS PIPELINE FROM LAKE ACCOTINK TO WAKEFIELD PARK

5-acre dewatering location?

Danbury Forest Drive realignment

The entire corridor is:
Alongside the Cross County Trail
100% parkland
100% floodplain
100% riparian Resource Protection Area
Designated Floodplain Forest conservation area
Characterized by frequently saturated soils
Dotted with vernal pools supporting amphibian reproduction
Essential north-south biodiversity corridor
A refuge for all species, both two-legged and four-legged
An example of our dwindling and Irreplaceable natural areas
Condemned to degradation by the Braddock Road project
